"Three Billions Are Banked in Pockets"—headline. But whose pockets?

It is a good thing the weather is placed beyond the reach of meddling humanity.

Almost any man may try for the presidency, but there is only one Babe Ruth.

The person who said that "man wants little here below" has been dead for some years.

Any tears that Germany sheds over the plight of Poland will be of the crocodile kind.

The person who sets out to "hit the high spots" should provide himself with shock absorbers.

Ratification of the suffrage amendment gives The Progress unusual pleasure. In the last half decade it has worked almost daily to bring about prohibition, woman suffrage and other great forward steps in representative and modern government. We recognized that so long as the saloon stood in this country woman suffrage had little chance of passing but with the saloon and its influence out of the way it was only natural that the women would gain the right which has been denied them.

In our opinion no man ever gave any good reason why the women of our land should not exercise equal voting privileges with the men yet we have seen grown men lean heavily on their wives for business and political council. The old bugaboo that women were not ready for the ballot is given the lie by the men who do vote by the way they vote.

It is good to live in these days. Coming so close on the heels of prohibition—the greatest moral victory a nation ever won—we can only hope that these two victories will be followed in November by a return to a substantial system of government under the guidance of the Republican party.

Then our joy will be overwhelming.

COX'S GREAT BLUNDER

By pledging himself to Wilsonism, in all its manifestations, Candidate Cox has rendered his election to the Presidency impossible. He has avowed his belief in the efficiency of Wilson's foreign policy, but this country has grown so weary of a bewildering method of dealing with our external affairs, a method that revolted Bryan, finally exhausted the patience of Lansing, and is now straining the ingenuity of Colby, that it cannot contemplate for a moment the possibility of four years more of Wilsonism in the State Department.

There can be but one explanation of the enmity toward this country that is now openly or secretly entertained by all the leading nations of the earth, and by most of the minor peoples. In the Autumn of 1918, we were, by force of circumstances, the most popular nation on the globe. It required considerable ingenuity along the lines of futile rainbow-chasing of visionary and impracticable projects, to destroy the good-will we had won from mankind at large through our altruistic endeavors in behalf of civilization.

But our popularity has been wantonly destroyed, we are looked upon with fear, suspicion and, perhaps, considerable contempt by the powers of the earth, and the more we interfere, in an arbitrary manner, with European affairs the more we intensify the antagonism felt toward us by the peoples over-seas.

If Cox had possessed sufficient individuality and strength of character to announce that if elected, he intended to de-Wilsonize the State Department at once, he would have added to his strength at the polls. As it is, the mantle he has donned, spotted as it is by the mud from countless foreign fiascos, has doomed him to one of the worst defeats any Presidential Candidate of his party ever received.

Are You A Bank Depositor?

The National Banks of Pennsylvania have over two and one-half million depositors, more than one-tenth of the total number of depositors in all the National Banks of the Country, and more than any other state. New York is next with nearly a million less.

Are YOU one of Pennsylvania's army of bank depositors?

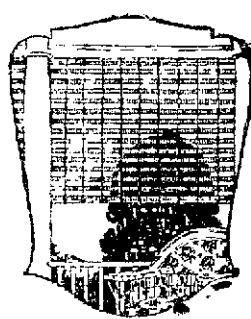

If not, now is the time to enlist.

Join the 2½ million thrifty Pennsylvanians by starting a savings account.

This bank will welcome your account. Three per cent. interest on savings.

Electric Light For Home Comforts

The Evenings Are Getting Longer

As the days grow shorter you'll be making more and more use of your home. During the cool chilly evenings what is more comfortable than a cozy home fully equipped with Electric Light.

Be prepared for the long, dark evenings of Fall and Winter—Plan your lighting system for convenience and comfort before the Fall and Winter season starts.

OUR DEFERRED PAYMENT PLAN will make it easy for you to wire now and pay later. Come in and we'll gladly tell you about or phone and we'll send our representative to explain this plan to you in your home.

OUR SPECIAL PRICES will have to be increased in the near future due to increased cost of labor and materials. A delay will mean higher prices—act promptly and save money.

Phone for our Representative to call.

A WOMAN DOCTOR

Says: "Eugenics is a necessary factor in the future of the race. The average American girl is unfit for motherhood." That may be true, but if weak and ailing girl passing from girlhood to womanhood would only rely, as thousands do, upon Lydia E. Pinkham's Vegetable Compound—that simple remedy made from roots and herbs—to restore the system to a normal healthy condition, it would cause many ills from which they suffer to disappear, so that motherhood might become the joy that their lives.—Adv.

Get More Service for the Money in Goodyear Tires

Time after time the buyer of a tire sold at a sensationally low price is a big loser; true tire economy is a matter of low-cost mileage and not of tires made to sell at a few dollars each.

In Goodyear Tires, of the 30x3, 30x3½, and 31x4-inch sizes, the user secures the high relative value always produced by the world's largest maker of automobile tires.

In these tires you have assurance of exceptional service for every dollar of original cost because Goodyear-selected materials and Goodyear skill have been combined in their manufacture.

If you own a Ford, Chevrolet, Dort, Maxwell or any other car taking these sizes, go to your nearest Service Station for Goodyear Tires—and save money.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50
Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size \$4.50 in 14x16x17 bag

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Mrs. Paul Hiney and child on who reside at Warren O., are visiting in the home of Mr. and Mrs. William Hupp on South Liberty street. Mrs. Hiney is the eldest daughter of the Hupp family, the family removing to Ohio from this place over a year ago.

John Hane returned to his duties here as the manager of the Pennsylvania State Prison on Monday after spending several days with his father at Belmont, Pa., he going down there in order to attend the State University of his mother's birth.

The second race of the term, held by the Royal Order of Moose in their hall on North Liberty street will be held this evening. The musical Mary orchestra will be present and furnish the necessary music.

A young Italian was conveyed to the Clearfield hospital Monday where he will undergo treatment for an attack of typhoid fever.

Samuel Lanberry has been chosen and elected as janitor of the High School building, and also the building on Locust street. He will assume his new duties next week.

William Taylor has dropped his dwelling house and lot situated on Anderson avenue, South Side to James Mitchell. Consideration \$1,700. Mr. Taylor has purchased a small farm about four miles from Dubois, on Newark creek and will take possession of the same at once. There are two years of coal under the surface of his new purchase which he contemplates working during the winter months.

There is considerable petty thieving being carried on in the borough of Clearfield. A recent committee of inquiry after the midnight hour, three dwellings were entered already this week, as reported to the Police Department. Gardens have also been visited frequently and vegetables taken whole.

It was reported yesterday that physicians in Clearfield Hospital found it necessary to amputate the thumb from the right hand of Emily Line, one of the young men who was badly burned last Sunday by an electric wire. The rest of the Curwensville boys who received burns are reported as getting along, well as could be expected.

George C. Fleming, went over to Dubois yesterday to inspect Mary and a certain what sort of weather would follow in her wake. He returned from her trip over the mountain. He also translated some business matters in the meantime while waiting the weather prophets in mind.

The American Legion ball team was booked to go to Bloomington yesterday afternoon and offer what had been called the hill battle of the hill.

Deer are plentiful and some of

them quite tame. For almost a week a fine specimen of that animal has been running the town of Clearfield. It is a purebred animal. It has become quite tame and allows the residents to take it around it quite close. Yesterday the animal was feeding with a crowd of children on the hill.

George Kuttelberger Jr. has been under the weather the whole week, having been in a truck of pneumonia, getting better in a hospital where he is expected to remain for a short time in Monday.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as cold when burn fever behind the neighborly table, the food and drink taken by the doctor, in the afternoon, and in the evening, which is a complete elimination from the system each day, become food for the millions of bacteria which infect the bowels. From the mass of bacteria waste toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before breakfast each morning drink a glass of hot water with a teaspoonful of limestone phosphate in it to wash out of the bowels the previous day's poisons and toxins, and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, influenza, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quart or pound of limestone phosphate from the drug store and begin practicing internal sanitation. This will cost very little but is sufficient to make anyone an enthusiast on the subject.

Tinted Literature.

"Your narrative is too highly colored," remarked the editor returning the bulky manuscript. "In what way?" Inquired the disappointed author. "Why," replied the editor, "in the very first chapter you make the old man turn purple with rage, the villain green with envy, the hero turn white with anger, the heroine turn red with confusion and the coachman turn blue with the cold."—Tit Bits

Youth's Irreverence

One evening a mother wanted us children to go to listen services with her. One of our favorite movie actresses was on the screen that night and brother wanted to see her. Mother wouldn't let him and made him go to church instead. He lost his patience and said, "Gosh, I wish they would stick the sign out, 'No children allowed.'"—I Exchange

Justice Greatest of Virtues.

The sense of justice was never born in the human heart. This divine virtue is at variance with the instincts of the individual and nature itself is essentially non-just. Justice is the flowering of all the other virtues—the heavenly endowment of rare and great souls only.—Sir Richard Cooke

Wins Distinction By Its Better Qualities

The Cleveland Six has won a place of distinction among light cars because of its better qualities. Designed for every-day service on every kind of roadway, it is sturdily built for endurance. It seeks no glory in speed contests, but earns praise for its performance in doing well all that its thousands of owners expect of a good car.

The exclusive Cleveland Six motor, of the overhead valve type, quiet and responsive in an unusual degree, is alive with power. Power sufficient to give all the speed that any thoughtful driver would ever want to use and to take the loaded car on high up long climbing roadways. Bodies of dignity and beauty are mounted on the Cleveland chassis. All are splendidly finished and upholstered.

Come see the Cleveland. Ride in it. Drive it. Then you will know.

PONZI DECLARES HIS NOTE HOLDERS RAISED AMOUNTS

BOSTON, Aug. 18.—The second important arrest in the Ponzi mystery was made today when Henry T. Neilson of Cambridge, Ponzi's chief agent, surrendered to the police. A warrant was issued charging Neilson with larceny of \$500,000. Neilson's arrest is considered next in importance to that of Ponzi himself. It is reported that Neilson made use of profits "by investing with Ponzi" and by acting as Ponzi's agent he received substantial commissions.

BOSTON, Aug. 17.—An intimation of the defense to be offered by Chas. Ponzi, now in jail as the outcome of his financial dealings, was given today by the chief counsel, Daniel McIsaac, who said Ponzi had been swindled out of thousands of dollars through the forging and raising of his notes.

The attorney declared that notes for \$100 in some cases had been raised to \$1000, and others accordingly. In the run on Ponzi's office, he said, the confusion and haste resulting from the large number of notes presented for payment prevented their being closely checked with the records.

At a hearing in the Federal Court today on petitions for receivership of the Securities Exchange Co., of which Ponzi was the head, no opposition was voiced. Judge Minton took under advisement the receivership plea and also the question whether one or three receivers should be appointed.

Governor Coolidge, in commenting on the Ponzi case, expressed the opinion that there were now enough laws on the statute books to meet situations such as have developed in the Ponzi and Old Colony Foreign Exchange Co. cases. This comment was made after he had received a letter from District Attorney Pelletier suggesting the enactment of special legislation at the next session of the Legislature.

The governor explained that operations of a fraudulent character could be stopped under present laws if sufficient evidence were obtained. The enactment of legislation suggested by the district attorney, the governor said, might tend to limit the conduct of legitimate business.

Attorney General Allen said tonight the returns filed by noteholders up to the time of closing today showed the liabilities of Ponzi to be \$3,949,031. This sum included the 50 per cent profit which the investors were promised. He said that more than 7500 noteholders had responded to his request that they get in touch with his office.

Infancy of Rice Cultivation.

Rice was cultivated centuries ago in India and later in Egypt. About the year 1408 its cultivation spread to southern Europe. In 1647 Sir William Berkeley planted one-half a bushel of seed in Virginia.

PEOPLE OF OUR TOWN

This man has found something in his paper that he doesn't like and he's going around and bawling out the editor. Will the editor feel terrible? Go on, no, he'll probably get mad himself and tell the puffed party where to get off at. Editors ain't so meek as they used to be.

No More Welcome Sale Anywhere Than This August Clearance Sale Continues to the Month-End

Our August Clearance Sale is rapidly drawing to a close. During the last week of the month we are going to make a special effort to dispose of our remaining stock of spring and summer coats, suits and dresses. In order to accomplish this many attractive reductions are being made on all ready-to-wear garments.

This Annual Summer Clearance Sale should be especially welcome to our customers in this period of high prices as we intend to push our selling force to the limit in order to clear our shelves of stock now on hand, so that we can have ample display space for our New Fall goods which is arriving daily. The Ready-To-Wear Department and the Shoe side of our Store will have Special Offerings for the remainder of this month.

The fact that "Dollar Day" is being held in Clearfield on the 27th should make this coming week an extremely busy one for all shoppers in this section of the county.

"Three Billions Are Banked in Pockets"—headline. But whose pockets?

It is a good thing the weather is placed beyond the reach of meddling humanity.

Almost any man may try for the presidency, but there is only one Babe Ruth.

The person who said that "man wants little here below" has been dead for some years.

Any tears that Germany sheds over the plight of Poland will be of the crocodile kind.

The person who sets out to "hit the high spots" should provide himself with shock absorbers.

Ratification of the suffrage amendment gives The Progress unusual pleasure. In the last half decade it has worked almost daily to bring about prohibition, woman suffrage and other great forward steps in representative and modern government. We recognized that so long as the saloon stood in this country woman suffrage had little chance of passing but with the saloon and its influence out of the way it was only natural that the women would gain the right which has been denied them.

In our opinion no man ever gave any good reason why the women of our land should not exercise equal voting privileges with the men yet we have seen grown men lean heavily on their wives for business and political council. The old bugaboo that women were not ready for the ballot is given the lie by the men who do vote by the way they vote.

It is good to live in these days. Coming so close on the heels of prohibition—the greatest moral victory a nation ever won—we can only hope that these two victories will be followed in November by a return to a substantial system of government under the guidance of the Republican party.

Then our joy will be overwhelming.

COX'S GREAT BLUNDER

By pledging himself to Wilsonism, in all its manifestations, Candidate Cox has rendered his election to the Presidency impossible. He has avowed his belief in the efficiency of Wilson's foreign policy, but this country has grown so weary of a bewildering method of dealing with our external affairs, a method that revolted Bryan, finally exhausted the patience of Lansing, and is now straining the ingenuity of Colby, that it cannot contemplate for a moment the possibility of four years more of Wilsonism in the State Department.

There can be but one explanation of the enmity toward this country that is now openly or secretly entertained by all the leading nations of the earth, and by most of the minor peoples. In the Autumn of 1918, we were, by force of circumstances, the most popular nation on the globe. It required considerable ingenuity along the lines of futile rainbow-chasing of visionary and impracticable projects, to destroy the good-will we had won from mankind at large through our altruistic endeavors in behalf of civilization.

But our popularity has been wantonly destroyed, we are looked upon with fear, suspicion and, perhaps, considerable contempt by the powers of the earth, and the more we interfere, in an arbitrary manner, with European affairs the more we intensify the antagonism felt toward us by the peoples over-seas.

If Cox had possessed sufficient individuality and strength of character to announce that if elected, he intended to de-Wilsonize the State Department at once, he would have added to his strength at the polls. As it is, the mantle he has donned, spotted as it is by the mud from countless foreign fiascos, has doomed him to one of the worst defeats any Presidential Candidate of his party ever received.

Are You A Bank Depositor?

The National Banks of Pennsylvania have over two and one-half million depositors, more than one-tenth of the total number of depositors in all the National Banks of the Country, and more than any other state. New York is next with nearly a million less.

Are YOU one of Pennsylvania's army of bank depositors?

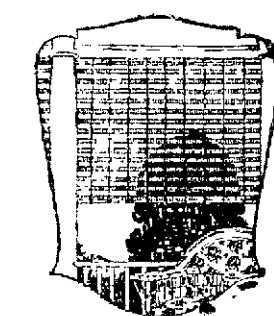

If not, now is the time to enlist.

Get More Service for the Money in Goodyear Tires

Time after time the buyer of a tire sold at a sensationally low price is a big loser; true tire economy is a matter of low-cost mileage and not of tires made to sell at a few dollars each.

In Goodyear Tires, of the 30x3, 30x3½, and 31x4-inch sizes, the user secures the high relative value always produced by the world's largest maker of automobile tires.

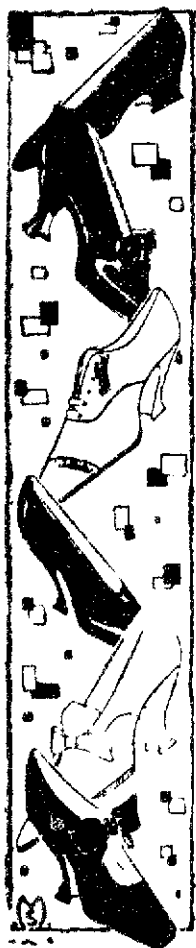

In these tires you have assurance of exceptional service for every dollar of original cost because Goodyear-selected materials and Goodyear skill have been combined in their manufacture.

If you own a Ford, Chevrolet, Dort, Maxwell or any other car taking these sizes, go to your nearest Service Station for Goodyear Tires—and save money.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50
Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size \$4.50 on later proof bag

GOODYEAR

EVERY SUMMER SHOE MUST GO!

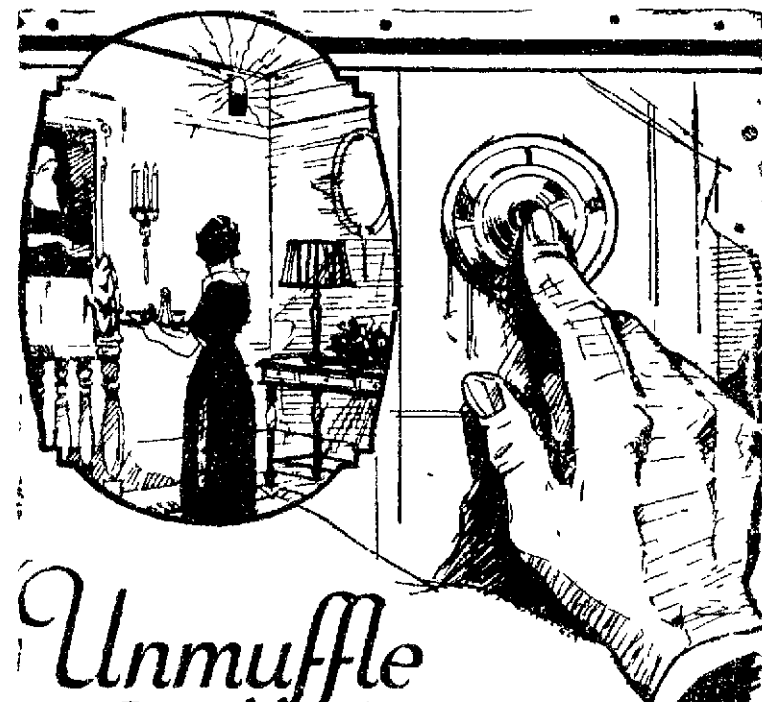

It is imperative—it is necessary that we move out every pair of summer shoes to make room for the Fall Shoes that are on the way.

When you take into consideration the values that the prices represented in their first makings and then take the 20 per cent reduction in addition to the remarkable original values—you can rest assured that you're getting a value that is unusual.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Mrs. Paul Hanley and child on who reside at Warren O., are visiting in the home of Mr. and Mrs. William Hupp on South Liberty street. Mrs. Hanley is the eldest daughter of the Hupp family, the family removing to Ohio from this place over a year ago.

John Hane returned to his duties here as the manager of the Pennsylvania State Prison on Monday after spending several days with his father at Belmont, Pa., he is going down there in order to attend the State University of his mother's birth.

The second race of the term, held by the Royal Order of Moose in their hall on North Liberty street will be held this evening. The musical Mary orchestra will be present and furnish the necessary music.

A young Italian was conveyed to the Clearfield hospital Monday where he will undergo treatment for an attack of typhoid fever.

Samuel Lanberry has been chosen and elected as janitor of the High School building, and also the building on Locust street. He will assume his new duties next week.

William Taylor has dropped his dwelling house and lot situated on Anderson avenue, South Side to John Mitchell. Consideration \$1,700. Mr. Taylor has purchased a small farm about four miles from Dubois, on Newark creek and will take possession of the same at once. There are two years of coal under the surface of his new purchase which he contemplates working during the winter months.

There is considerable petty thieving being carried on in the borough the depredations being committed daily after the midnight hour. Three dwellings were entered already this week, as reported to the Police. Vegetable gardens have also been visited frequently and vegetables taken whole.

It was reported yesterday that physicians in Clearfield Hospital found it necessary to amputate the thumb from the right hand of Emily Line, one of the young men who was badly burned last Sunday by an electric wire. The rest of the Curwensville boys who received burns are reported as getting along, well as could be expected.

George C. Fleming, went over to Dubois yesterday to inspect Mary and a certain what sort of weather would follow in her wake. He returned from her trip into the mountains. He also translated some business matters in the meantime while awaiting the weather prophet's arrival.

The American Legion ball team was booked to go to Bloomington yesterday afternoon and offer what had been called the hill battle of the night.

Deer are plentiful and some of

them quite tame. For almost a week a fine specimen of that animal has been making the town a place to become a picnic ground. It has become quite tame and allows the residents to take it around it quite close to the town. The animal was feeding with a coal outfit on the hill and

George Kuttelberger Jr. has been under the weather the whole week, coming from an attack of neuritis, he is getting better in his condition, he is expected to return to school studies on Monday.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as cold when burn leaves behind the uncomfortable ache to the food and drink taken. It is after the day, in the afternoon, and indigestible material, which is completely eliminated from the system each day, becomes food for the millions of bacteria which infect the bowels. From the mass of bacteria waste toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before breakfast each morning drink a glass of hot water with a tea-spoonful of limestone phosphate in it to wash out of the bowels the previous day's poisons and toxins, and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, influenza, constipation, others who wake up with bad taste, foul breath, backache, rheumatic twinges, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store and begin practicing internal sanitation. This will cost very little but is sufficient to make anyone an enthusiast on the subject.

Tinted Literature.

"Your narrative is too highly colored," remarked the editor returning the bulky manuscript. "In what way?" Inquired the disappointed author. "Why," replied the editor, "in the very first chapter you make the old man turn purple with rage, the villain green with envy, the hero turn white with anger, the heroine turn red with confusion and the coachman turn blue with the cold."—Tit Bits

Youth's Irreverence

One evening a mother wanted us children to go to listen services with her. One of our favorite movie actresses was on the screen that night and brother wanted to see her. Mother wouldn't let him and made him go to church instead. He lost his patience and said "Gosh I wish they would stick the sign out, 'No children allowed.'"—Exchange

Justice Greatest of Virtues.

The sense of justice was never born in the human heart. This divine virtue is at variance with the instincts of the individual and nature itself is essentially non-just. Justice is the flowering of all the other virtues—the heavenly endowment of rare and great souls only.—Sir Richard Cooke

Wins Distinction By Its Better Qualities

The Cleveland Six has won a place of distinction among light cars because of its better qualities. Designed for every-day service on every kind of roadway, it is sturdily built for endurance. It seeks no glory in speed contests, but earns praise for its performance in doing well all that its thousands of owners expect of a good car.

The exclusive Cleveland Six motor, of the overhead valve type, quiet and responsive in an unusual degree, is alive with power. Power sufficient to give all the speed that any thoughtful driver would ever want to use and to take the loaded car on high up long climbing roadways.

Bodies of dignity and beauty are mounted on the Cleveland chassis. All are splendidly finished and upholstered.

Come see the Cleveland. Ride in it. Drive it. Then you will know.

PONZI DECLARES HIS NOTE HOLDERS RAISED AMOUNTS

BOSTON, Aug. 18.—The second important arrest in the Ponzi mystery was made today when Henry T. Neilson of Cambridge, Ponzi's chief agent, surrendered to the police. A warrant was issued charging Neilson with larceny of \$500,000. Neilson's arrest is considered next in importance to that of Ponzi himself. It is reported that Neilson made use of profits "by investing with Ponzi" and by acting as Ponzi's agent he received substantial commissions.

BOSTON, Aug. 17.—An intimation of the defense to be offered by Chas. Ponzi, now in jail as the outcome of his financial dealings, was given today by the chief counsel, Daniel McIsaac, who said Ponzi had been swindled out of thousands of dollars through the forging and raising of his notes.

The attorney declared that notes for \$100 in some cases had been raised to \$1000, and others accordingly. In the run on Ponzi's office, he said, the confusion and haste resulting from the large number of notes presented for payment prevented their being closely checked with the records.

At a hearing in the Federal Court today on petitions for receivership of the Securities Exchange Co., of which Ponzi was the head, no opposition was voiced. Judge Minton took under advisement the receivership plea and also the question whether one or three receivers should be appointed.

Governor Coolidge, in commenting on the Ponzi case, expressed the opinion that there were now enough laws on the statute books to meet situations such as have developed in the Ponzi and Old Colony Foreign Exchange Co. cases. This comment was made after he had received a letter from District Attorney Pelletier suggesting the enactment of special legislation at the next session of the Legislature.

The governor explained that operations of a fraudulent character could be stopped under present laws if sufficient evidence were obtained. The enactment of legislation suggested by the district attorney, the governor said, might tend to limit the conduct of legitimate business.

Attorney General Allen said tonight the returns filed by noteholders up to the time of closing today showed the liabilities of Ponzi to be \$3,949,031. This sum included the 50 per cent profit which the investors were promised. He said that more than 7500 noteholders had responded to his request that they get in touch with his office.
